Education

Thomas A. Edison Career and Technical High School

High school GPA: 90.95/100, or 3.7/4

Principal's Honor Roll **September 2023 - June 2025**

Leadership Roles

Girls Who Code, Leadership Role: **October 2024 to June 2026**

- *I* taught students to write personalized programs using languages such as Python, Scratch, HTML, CSS, and P5.

Glamour Gals and Guy Leadership Roles: **October 2025 to June 2026**

- As a *member* of Glamour Gals, *I* visit senior homes to fight senior isolation by talking with seniors, painting their nails, doing makeovers, and making cards that brighten their day.

Coding and Programming Experiences

Languages: CSS, HTML, C#, JavaScript and Python | **Certification**: HTML5 and CSS, Python

Web and design spring program at the New York Historical Society Museum: **Spring 2023**

- As an *intern* in this program, I programmed a basic HTML website using CSS about a woman who was historically important to the history of the United States

Game Academy: **September 2023 to June 2026**

- Programming and designing various prototypes using C# in Unity
- *Participant* of a yearly video game pathway at City College of New York.
- Showcase of a personal group-made game at the summer 2025 NYC video game festival

Summer Immersion and Pathways at Girls Who Code: **July to August of 2025**

- As a *participant,* I made games using JavaScript, with dialogues, interactions, and movement through object-oriented programming.
- Networking with people from different job backgrounds within the insurance business.

Hackathon:

- *Participant* in the 2024 and 2026 Hackathon, to expand my knowledge in programming languages such as Python, HTML, and CSS.

Internships and Programs

Student Historian Internship at the New York Historical: September 2024 to June 2025

- As an *intern,* I analyzed documents and found free resources to be used in a major project.
- Making a historically accurate work to the best of one's ability that can be used for educational purposes.

Teen Gems at 92NY: **September to December of 2025**

- Making jewelry by sawing, casting, and molding.
- Learning the basics of Jewelry making.

Heckscher Scholars **June to July of 2025**

Expanding the understanding of the English language and mathematics by practicing our writing skills and mathematical knowledge.

National History Academy: **June to July 2026**

As a camper, I visited different historically relevant places in Virginia and dissected their importance to American history.

Global Glimpse: **August of 2026**

As a *Global Glimpse leader*, we travelled to a Latin American country and immersed myself in a new culture.
